

## Security at Holy Family Church

During Mass and events the doors are to remain locked. People can come 10 minutes late and still enter but after this the doors are locked by the ushers. THE DOORS ARE NOT TO BE PROPPED OPEN at any time before, during or after Mass or events.

You are able to exit the doors from the inside, no one is “locked in.”

We have applied for a grant to cover the windows in the narthex with bullet resistant film and the church windows will follow.

These and other precautions are to keep all of us safe. Please follow these simple rules for the sake of all.
